### **REMARKS**

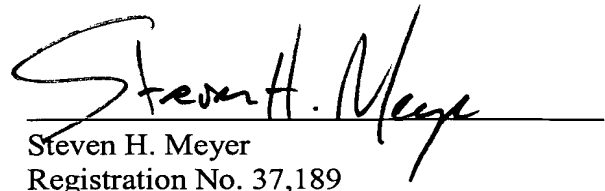

The foregoing Supplemental Amendment and the following Remarks are further submitted in response to the Office Action issued on May 1, 2006 in connection with the above-identified patent application, and are being filed within the three-month shortened statutory period set for a response by the Office Action.

Claims 1-23 remain pending in the present application as amended. Fig. 1 has been amended to include a - - Prior Art - - legend. Applicants respectfully submit that no new matter has been added to the application by the Supplemental Amendment.

Applicants respectfully note that in a previous response filed on July 24, 2006 with regard to the Office Action issued on May 1, 2006, a drawing sheet to correct Fig. 1 may not have been attached. In particular, the Examiner noted that Fig. 1 of the present application should bear a - - Prior Art - - legend, and has required corrected drawings. Accordingly, attached is a drawing sheet with corrected Fig. 1 having such legend. Applicants respectfully submit that any failure to attach the drawing sheet to the previous response was inadvertent.

In view of the foregoing discussion, Applicants respectfully submit that the present application including claims 1-23 is in condition for allowance, and such action is respectfully requested.

Respectfully Submitted,
